

OCTOBER ARTS NEWSLETTER

STEAM FAIR

This year, lower grade students can participate in a school wide art contest while upper grade students make science fair projects. See the back for more!

REFLECTIONS

Interested in submitting to the Utah PTA Reflections contest? See the Main Office for the full flier.

COMING UP

Next month will profile our BTSALP Visual Arts Teacher, Mrs. Fifield & make upcycled supply requests.

**JOIN US FOR THE NEXT ART COMMITTEE MEETING ON
NOVEMBER 1ST AT 12:00PM IN THE PTA ROOM.**

ABOUT THE STEAM FAIR

Ensign has always had a strong STEM fair but this year PTA wants to put the "A" in STEM. K-3 students can enter Arts Submissions based on the theme of Scientific Cycles. 4-6 students can create Science Fair projects on any topic.

K-3

Think of all the cycles you've learned about in class...Rocks, Life, Water, Seasons, Weather, Orbiting!

Brainstorm a project about one of these cycles using visual art, music, literature, or film and photography. Create the project independently!

4-6

Think about a scientific question or observation...what makes things work, how do different materials interact, what's a big question about the world?

Design an experiment or engineering project the helps you frame your question and test your predictions.

WORKSHOPS

NEED HELP WITH YOUR IDEA OR PROCESS?

Save the Date for Workshops with Faculty & Family Volunteers

November 1, 8, 15 & 22
1-2:30pm

Rooms, Grade Levels, and Arts Form
Details Coming Soon!

GUIDELINES

NEED GUIDELINES & ENTRY FORMS?

Once you have some ideas, check the Main Office for a list of specific guidelines for all art forms & science projects. Also, pick up an entry form to turn in with your project!

Want to do art & science? Come to a workshop & we'll work with you!

**PROJECTS DUE JANUARY 14TH IN THE GYM BETWEEN 3-6:00 PM
INTERACTIVE STEAM ACTIVITIES 6-7:30!**

**ATTEND THE STEAM FAIR ON JANUARY 15TH
9-11:30; 12:30-2:30**
